

***The Delmarva Poultry Fanciers Welcome You
to the 2018 Spring Show
March 24th and 25th, 2018
Harrington, Delaware***

In Memory of Richard Hickman

On behalf of the Delmarva Poultry Fanciers, we would like to extend a personal invitation to you and your family to join us, on March 24 and 25, 2018, for our 42nd Annual Spring Show. If you have exhibited with us in the past, welcome back, if you have not, we look forward to providing you with a great venue to exhibit your poultry. The Delmarva Poultry Fanciers will be present to make sure your visit is comfortable and to offer any assistance that you may need upon arrival and at coop in. We look forward to your visit.

Delaware Health Requirements for Poultry Shows

All exhibitors must show proof that poultry originated from a Pullorum-Typhoid-Free Flock and any breeder birds have been tested negative for Pullorum-Typhoid within one year.

A random test of ten (10) birds per flock shall be tested negative for Avian Influenza within thirty (30) days of the show. Any approved official test (AI-AGID, AI-PRT, or VI) is acceptable and must be done by a state or federally approved laboratory. If an exhibitor has less than ten (10) birds in their flock than all birds shall be tested for AI. This requirement is for both in state and out of state birds. Exhibitors with flocks on a ninety (90) day U.S. NPIP Avian Influenza-Clean Flock Program are exempt from the 30 day requirement. For these flocks, proof of negative tests and the last two test dates shall accompany birds to the show.

Exhibitors must have documentation of these tests available for viewing at the show. All birds will be inspected for general health upon presentation. Any birds showing clinical signs of any contagious or infectious disease will be removed from the show.

Exhibitors unable to get their birds tested for A.I. are encouraged to contact Bob Moore at the Delaware Department of Agriculture at (302) 698-4500.
